**Community
Acupuncture SoBu**
*We all do better when
we ALL do better!*

We're moving...down the street!

Starting Tuesday July 7th, our new location will be 366 Dorset St. Suite 10

Our new location is home to 'Back to Wellness' chiropractic care, where our acupuncturist Sierra, works as a receptionist part-time. There are also several massage and bodywork practitioners, and a mental health counselor here. Most importantly, this move allows us to expand our hours - including evening and weekend appointments. Stay tuned for more updates!

We will still be part of the Kula Community and plan to continue to collaborate together on an ongoing basis.

Our donation-based ear clinics this month will be on **Wednesday, June 3rd and Tuesday June 23rd**. Return and new patients welcome. Appointments help but are not required. Suggested donation is \$0 to \$whatever.

Details: Our ear acupuncture days are donation based group clinics. Everyone receives the same five ear acu-points in one or both ears. These points help reduce cravings and rejuvenate your wired and tired nervous system.
